PRODUCTS

HRMS

A holistic suite to manage all Human Resource related tasks. Finished v2.0 and working towards launching v3.0

Social Samosa Jobs

Created a job listing and discovery platform which helps talent meet opportunity in just a few clicks.

Online Examination System

Created a one-stop-destination for examination, preparation, recruitment, and more. Instant scorecard generation & computational analysis.

Trailer App (WIP)

Built a platform for people to catch up on good movies they might have missed.
